What has the Harvest Been-

have been marketed, the corn and ber Scribner. other food crops housed, and the question what has the harvest been, will present itself to every thoughtful agriculturist throughout the length and breadth of the land. singer may be placed on the particular crop or crops that brought about this disasterous result. However this may be, a careful round ing up of the year's work and study of the causes which brought about success or entailed loss, will greatly aid the intelligent farmer in "pitching" the next year's crop so as to increase the profits or

rounded night and day with all the attractive in a girl's costume whole of it. Feel him on the in-linitesimal plan, with fairy morsels; and as soon as he has taken what he requires remove the remainder. In existing sick rooms how often one finds bowls of arrowroot and sago, dabs of jelly, caps of beef tea. In the finds bowls of dry toast, slices of take you make now in these recontains some items of in crest to among black draughts, boxes of ry'-the history of your life. God pills, qlister plasters, jars of lecches, never made, among all the exquisand other abominations of the "healing art." No wonder the pale lovely, enchanting, exquisite, adand languid inmates have no ap- mirable creature than a fresh, petitr .- N Y. Ledger.

A Proposed Remedy for Divorce.

Minister to England and Lecturer Minister to England and Lecturer such a girl; no tropic blossom vies on Law at Yale, has turned his attention to the subject of Divorce in ing with the light of the sweet soul the United States, with an effort to within her; she is the flower and discover a practical means of lessen crown of humanity.',-Ex. ing the evil. How great that evil is may be seen at a glance from the fact that during the last twenty years more than 500,000 divorces have been granted, whereas, during fashioned negroes of the antethe preceding twenty years, only a bellum south-and the places which few more than 325,000 were granted. knew them once will soon know This rapid increase is the main fact them no more forever. They will which has directed the attention in a few years be entire'y supplant. in 1795. both of social and legal reformers ad by a progeny little like their anto the subject. Mr. Puelps treats cestors. The old plantation—"de ator in 1795 and was re-el-cuid coit from a practical, legal point of white folk's house"-the happy tinuously until 1815, serving in all

A uniform divorce law in all the States he regards as impossible ever to obtain, and his view of the Federal Constitution is that it would be illegal for the United States to enact a law on this subject, this being a matter which falls within State jurisdiction. He addresses himself, therefore, to State laws; the breaking up of the family when the properties of the main tole mass, died? Alas, it always to the senators were and Daniel Smith.

Senator Anderson was elected president protem, of the body in the year 1803.

In 1787-9 the senators were Anderson and Cocke, and the members Wm. Blownt, Andrew Jackson and Daniel Smith. and, after a discussion of the main "ole massa" died? Alas, it always features of all these laws, reaches fell upon the former with a bitterthe conclusion that the remedy will ness born of the uncertain fate be found in a prohibition of mar- which awaited them afterward. riage by either divorced party so But they are fast dying ont; the long as the other lives. He stows old plantation songs have faded historically, that it is the liberty to from the ips on which alone they Grondy, John Rhea an I John Sevier night before the first one i smoked, no well subject asset of one marry again that has caused such were once so musical, which no an increase in divorces; and he other conditions may ever realize concludes that it is the desire for Did you ever see the long procesanother marriage alliance that it is sion of family servants-hity or a the main cause of most separations hundred or more-follow the coffin between husbands and wives. M: which bore "ole massa" to his last ton. John Sevier was a represent Phelps contributes this study of resting place. the subject to The Forum, and it appears in the December number.

The Moral Results of Current Piction. It is undeniab'e that outside of a certain limited class of scholarly less he was dorned and reared the old southern plantation from except the newspapers, read books show that seventy he per cent. of all the books taken out are novels of recent production. A library for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the general public that did not furnish them could not be suggested the lark before the dawn of day, for the lark before the dawn oller. Probably the most numerius readers of novels are to be found among women, perhaps because they have more time and fewer other diversions than men. In the large class of them who derive their ideas of life and of the world from this source, the result is seen in the enormous and increasing business of the divorce courts, of which they and they and their husbands are the principal patrons. Aside from the loose and vogne notions of morality that become familiar to them, unconsciously, from the books they read, they enter upon married life with ideas and expectations so false and theories so abjund that nothing but disappointment and unhappiness can follow. Instead of the impossible and self-sacrificing he impossible and self-sacrificing he | Gov. Stanford, of Cali ornie, has and absorbing or dispeting all un-
